

The Holy Year of Loreto and the copy of the Madonna of Loreto in Linate and Malpensa

Loreto Jubilee (from December 8, 2019, to December 10, 2021) wanted by Pope Francis for the centenary of the proclamation of the Madonna of Loreto as patron saint of aeronauts (and of the Italian Air Force) and defined *Holy Year for those in flight*, can be lived in the airports of the world and in those of Lombardy: in fact, the plenary indulgence is received by crossing both the holy door of the sanctuary of Loreto and by visiting airports chapels.

Information on jubilee initiatives promoted in the Milan airports is available at www.voladadio.it, on Twitter @CappellaLinate and by info@voladadio.it.
